Report on the annual accounts

We have audited the accompanying annual accounts of Amazon Services Europe S.à r.l. (the "Company"), which comprise the balance sheet as of 31 December 2011 and the profit and loss account for the year then ended, and a summary of significant accounting policies and other explanatory information.

Board of Managers' responsibility for the annual accounts

The Board of Managers is responsible for the preparation and fair presentation of these annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts and for such internal control as the Board of Managers determines is necessary to enable the preparation and presentation of annual accounts that are free from material misstatement, whether due to fraud or error.

Responsibility of the "réviseur d'entreprises agréé"

Our responsibility is to express an opinion on these annual accounts based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier". Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the annual accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual accounts. The procedures selected depend on the judgment of the "réviseur d'entreprises agréé", including the assessment of the risks of material misstatement of the annual accounts, whether due to fraud or error. In making those risk assessments, the "réviseur d'entreprises agréé" considers internal control relevant to the entity's preparation and fair presentation of the annual accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Managers, as well as evaluating the overall presentation of the annual accounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the annual accounts give a true and fair view of the financial position of Amazon Services Europe S.à r.l. as of 31 December 2011, and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts.

Report on other legal and regulatory requirements

The management report, which is the responsibility of the Board of Managers and which is available at the registered address of the Company, is consistent with the annual accounts.

Note 2 – Significant accounting policies

General principles

The annual accounts are drawn up in conformity with the Luxembourg legal and regulatory requirements and according to generally accepted accounting principles applicable in Luxembourg.

Presentation and basis of the financial statements

Certain modifications have been made to the format of the financial statements for the year ended 31 December 2011 in conformity with the changes brought by the law of 10 December 2010. These modifications affect the presentation of certain balances but they have no net impact on the result for the year ended 31 December 2011. The related changes in classifications of balances and transactions have only been applied prospectively for the year 2011 and therefore the 2010 annual accounts have not been reclassified.

The significant accounting policies are as follows:

Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated amortisation and any impairment adjustments. Amortisation is calculated on a straight line basis over the estimated useful life of the assets (2 to 5 years). The carrying values of tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

For purposes of including this business unit into the annual accounts of the Company, the balance sheet is translated from GBP to EUR using the closing rate method, including amounts owed between the GBP business unit and EUR business units. Profit and loss accounts are translated at average exchange rates prevailing throughout the period.
